TNRCC – ABOVEGROUND STORAGE TANK REGISTRATION FORM

For Use in **TEXAS**

Please mail completed form to:

Registration Section, PST Division, MC 138
Texas Natural Resource Conservation Commission
P.O. Box 13087
Austin. TX 78711-3087 (512) 239-2160

Facility ID Number (If known)							
Owner ID Number (If known)							
Tax ID Number (Optional)							

GENERAL INFORMATION

Who Must Register? Registration is required by Title 30 TAC, Chapter 334, Subchapter F, Section 334.123 for all aboveground storage tanks (ASTs) that have been used to store a regulated petroleum substance that are in existence as of September 1, 1989, or that are brought into use after September 1, 1989. The deadline for registering existing tanks was March 1, 1990. Owners who put tanks into use after March 1, 1990 must register their tanks with the Texas Natural Resource Conservation Commission within 30 days from the date any regulated substance is placed into the tank.

Which Tanks Are Regulated? AŠT is defined as a non-vehicular device that is made of non-earthen materials; located on or above the surface of the ground or on or above the surface of the floor of a structure below ground, such as a mineworking, basement, or vault; and designed to contain an accumulation of petroleum. Only AST's with a capacity greater than 1100 gallons are regulated.

What Petroleum Products Are Regulated? Petroleum product means a product that is obtained from distilling and processing crude oil and that is capable of being used as a fuel for the propulsion of a motor vehicle or aircraft, including:

- 1. motor gasoline;
- gasohol, and other blended fuels;
- aviation gasoline;
 kerosene;
- 5. distillate fuel oil; and6. diesel #1 and #2.

The term does not include naphtha-type jet fuel, kerosene-type jet fuel, waste oil, or a petroleum product destined for use in chemical manufacturing or feedstock of that manufacturing.

Which Tanks Are Exempt? The following ASTs are exempt from regulation under this program:

1. a farm or residential AST with a capacity of 1 100 gallons or less used for motor fuel for

- a farm or residential AST with a capacity of 1,100 gallons or less used for motor fuel for noncommercial purposes;
- 2. a tank used for storing heating oil for consumptive use on the premises where stored;
- 3. a septic tank;
- 4. a surface impoundment, pit, pond, or lagoon;
- 5. a stormwater or wastewater collection system;
- 6. a flow-through process tank;
- a tank, liquid trap, gathering line, or other facility used in connection with the exploration, development, or production of oil, gas, or geothermal resources, or any other activity regulated by the Railroad Commission of Texas pursuant to the Natural Resources Code, §91.101;

- a transformer or other electrical equipment that contains a regulated substance and that is used in the transmission of electricity, to the extent that such a transformer or equipment is exempted by the United States Environmental Protection Agency under 40 C.F.R. Part 280;
- 9. an AST is exempt from regulation under this chapter if the sole or principal substance in the tank is a hazardous substance:
- 10. an interstate pipeline facility, including gathering lines, or an AST connected to such a facility is exempt from regulation under this chapter if the pipeline facility is regulated under:
 - (1) the Natural Gas Pipeline Safety Act of 1968 (49 United States Code, §1671 et seq.)
 - (2) the Hazardous Liquid Pipeline Safety Act of 1979 (49 United States Code, §2001 et seq.);
- an intrastate pipeline facility or aboveground storage tank connected to such a facility is exempt from regulation under this chapter if the pipeline facility is regulated under one of the following state laws:
 Natural Resources Code, Chapters 111 and 117
 - (2) Texas Civil Statutes, Articles 6053-1 and 6053-2; and
- 12. an AST that is located at or is part of a petrochemical plant, a petroleum refinery, an electric generating facility, or a bulk facility as that term is defined by \$26.3574(a) of the Water Code is exempt from regulation under this chapter but is not exempt for purposes of the fee for delivery of certain petroleum products authorized under \$26.3574 of the Water Code.

Amended Registration: An owner of a regulated AST is required to provide written notice to the TNRCC of any changes or additional information concerning the status of any regulated tank, including, but not limited to, operational status condition, substance stored, and ownership. When filing an amended registration form, please mark the appropriate box in Section III. Notice must be filed with the Commission within 30 days from the date of occurrence or knowledge of the status change.

AST Fees: An annual fee of \$25.00 is imposed for each tank regulated under this program. Fees shall be paid by the owner of the tank. Please do not send the fee with this registration form, you will be sent an annual bill for the fees owed.

Penalties: Any owner who knowingly fails to register their ASTs or submits false information may be subject to a civil penalty not to exceed \$10,000 per day for each violation.
